HOUSING NEED FIGURES - AFFORDABLE HOUSING

NFDC Planning Policy Team have supplied the following information in respect of the need for affordable housing. This is broken down by age group but not by the type or tenure of housing required.

This shows the number of applications for housing support (on the housing register) within the parish that have been made to the NFDC Housing team, provided by age breakdown and also those that have indicated they wish to remain in the area as 1st choice, 2nd and 3rd.

It is noted that preferences are not recorded to the individual parish level and include the wider catchment of Fordingbridge. It would therefore, in our view, be appropriate to pro-rata by percentage of population.

Area of Choice is Fordingbridge

	Area of first choice	Area of second choice	Area of third choice
16 - 19	2	4	0
20 -24	5	10	1
25 -29	5	8	0
30 - 39	22	17	5
40 - 49	17	9	2
50 - 59	13	10	3
60 +	19	11	7
	83	69	18
